³ Actual contribution to targets will be confirmed ex-post based on a standardised methodology.

⁴ This target is specific to INTPA. If the action is marked as contributing to the Education target, please make sure the target on "Social inclusion and Human Development" is also marked.

⁵ Thematic target for geographic programmes (at least 15%) in delegated act.

⁶ For guidance, see <https://www.oecd.org/development/financing-sustainable-development/development-finance-standards/> (go to "Data collection and resources for reporters", select Addendum 2, annexes 18 (policy) and 19 (Rio) of the reporting directive).

If an action is marked in the DAC form as contributing to one of the general policy objectives or to RIO principles as a principal objective or a significant objective, then this should be reflected in the logframe matrix (in the results chain and/or indicators).

⁷ The internal markers have been created to report on the implementation of the Commission's own policy priorities in areas where no DAC reporting tool is available. For the sake of consistency and comparability, the methodology is equivalent to the DAC markers, with three possible positions (main target, significant target, not targeted)

⁸ Methodology for additional tagging providing granularity on internal markers is under development.
