1.2 Summary of the Action

<p>The action aims to support agricultural recovery in the regions of Ethiopia hit by natural and man-made hazards-induced disasters (drought, conflict), and to contribute towards improving sustainable domestic food production and food security in the entire country.</p> <p>It builds on, and extends the existing programmes with high food security impact for smallholder farmers and pastoralists with an emphasis of female-headed households. Given the multidimensional nature of the problem, the action targets in particular securing the continuity of food supply chains, notably highly nutritional commodities, and the transition to environmentally and socially sustainable food systems.</p> <p>The objective will be achieved through:</p> <ul style="list-style-type: none"> the delivery of seeds of improved varieties for nutritional content and resilience to climate change;
