4.7 Organisational Set-up and Responsibilities

Provided the multi-sectorial character of the programme, coordination at various levels is essential for its successful implementation and for strengthening accountability mechanisms

The day-to-day technical and financial management and administration of the project will be responsibility of the implementing partner. A project Steering Committee will be responsible for the overall guidance of the project and review/approved the Annual Work Plans. The Steering Committee will be assisted by a Technical Committee. The governance mechanism will be outlined in the contribution agreement.

As part of its prerogative of budget implementation and to safeguard the financial interests of the Union, the Commission may participate in the above governance structures set up for governing the implementation of the action and may sign or enter into joint declarations or statements, for the purpose of enhancing the visibility of the EU and its contribution to this action and ensuring effective coordination.

5 PERFORMANCE MEASUREMENT

5.1 Monitoring and Reporting

The day-to-day technical and financial monitoring of the implementation of this action will be a continuous process, and part of the implementing partner's responsibilities. To this aim, the implementing partner shall
